Dear Paxton,

**22 Hillcroft Crescent, Ealing, London W5**

Corinne and I are just writing to say thank you for the professionalism, attention to detail and courtesy with which you have shown us during the building works to the garage/shed.

You will recall that we have had something of a nightmare with the original main contractor regarding the extension to the house. Hence to have received such professionalism from you and your team has been a revelation.

Suffice to say if Corinne and I can help in any way regarding a reference for future work please do not hesitate to ask any potential clients to telephone me. My mobile number is 07771 600210 and my office number is 020 7534 0992.

It has been an absolute delight working with you and Tecwyn's team at The Real Garden Company to achieve, what I believe, to be a superb result.

Apologies for disrupting your holiday, however I am sure Mrs G will enjoy Le Manoir!

I wish you a very prosperous future.

Kind regards.

Yours sincerely,

Arun Sibal

Re: Paxton Construction Ltd.

The following summarises my comments on the building of a side extension to our kitchen and the various additional work undertaken - bricked area/steps, new garden fence, tree felling.

- Paxton undertook drawing of plans/dealing with local Planning Services
- took trouble to find bricks to perfectly match our house
- used good quality materials
- did not stint on important areas such as insulation
- attention to detail
- always easy to contact
- always ready to sort out any problematic issues

From the outset, we found Paxton to be personable and professional in his approach to the work, always open to discussion/comment, enthusiastic and responsive to concerns with an appreciation of both the practical and aesthetic aspects of the project.

We now have a sunny, cosy, well built extension which has significantly enhanced our home.

I can be contacted via Paxton if you would like to talk to me further about the work done here.

A handwritten signature in black ink, appearing to read 'Jane Minardi', with a large, stylized flourish extending upwards and to the right.

**To whom it may concern.**

Paxton Gibbons built us a brick summer house in our back garden in June 2006.

The work was first class and the summer house is exactly how we wanted it.

Paxton and all his workers were always polite and friendly.

We were very pleased with the work done by the Small Works Company and would use them again in the future.
